

## *Ex-Student Council President's Message*

SLS Pune has given me a perfect platform to think creatively and has provided me the support and encouragement to implement my thoughts/ideas. Those five years have been the most defining and memorable years of my life!

## *Ex-Student Council President's Message*

It is not only hard work but also luck, that places you in a college. And I consider myself lucky. I entered Symbiosis Law School as a young tender bud but the nurturing and aura of the atmosphere inspired me to take up the toughest challenges of the life. College life is not just about reading but what is worth reading.
