

Ex-Student Council President's Message

As an alumnus, I feel indebted to the teachers, friends and everyone else who has been a part of the enriching experience of Symbiosis Law School Alumni communities are flag bearers off colleges and they reflect the culture and the experience that they have soaked themselves in, being a part of the alma mater. The bonhomie and support of the college alumni is most crucial for heralding the name of the college to the industry. In terms of the calibre of the senior alumni – it's a distinguished list with leading lawyers, bureaucrats, businessmen academicians, students etc. We need a forum where their achievements and progress can be documented and reported so that everyone is abreast of the buzz in the alumni community, the newsletter in that regard is a move in the right direction. I would like to congratulate the whole team that is responsible for organising the Alumni Meet 2013 and efforts in relation to the publication of the newsletter. I hope in the future there would be more opportunities for mutual co-operation not only among other alumni but also between the college and alumni to build successful partnerships. Looking forward to more alumni meets in the future leading to greater synergy between the alumni, students and the college.

Best Wishes!
Kind regards,
Raghav
Batch of 2007-12

Student Council President's Message

“SLS Pune enlightens, encourages and empowers its students in every way, be it academics, co-curricular or extra curricular activities. I truly believe that SLS Pune has brought out the best in me and I wish the same for all future batches.

It has been 5 years since the first day of college, the time of departure is almost upon me, but it is yet to sink in. Nonetheless, it shall be difficult to let go and even more difficult to move on.

Ever so lovingly,
Sparsh Prasad
President, Student Council 2012-13.
Batch 2008-13
